Linear Fluorescent Lamps 1' to 4' tubes

'Recycling Service Container' for one, two, three and four foot straight fluorescent tube type lamps. All recycling costs are included. Simply place lamps in container and call toll free when completely full for pick up.

Maximum capacity 410 'T-8' tube type lamps. 'Recycling Service Container' meets all

Federal and State regulations for packaging, labeling, accumulation start date, instructions and limited training as required by law.

'Certificate of Recycling' for your compliance records.
